The doctor's office designed around you

Having a place to turn for your physical and mental health whenever you need it can be reassuring. That's where your One Medical benefit comes in. We're a primary care practice that makes it faster, easier, and more enjoyable to get care, anytime.

Your employer-sponsored benefit gives you and your family access to exceptional care at two Kansas City locations that are open only to employees of eligible companies as well as their spouses and dependents.

With One Medical, you'll enjoy:

Fast access to care at our offices

Get care that fits your life with appointments that start on time plus on-site lab work and a dispensary for prescriptions at our Kansas City offices. You can also get care at 125+ One Medical offices across the country open to the public.

An easy-to-use app
